This pamphlet contains information regarding the submission of appraisal experience for state licensure. Questions should be directed to the Appraisers Board by calling (334) 242-8747.

EXPERIENCE REVIEW PROCESS

I. EXPERIENCE REVIEW COMMITTEE:

- A. The Alabama Real Estate Appraisers Board shall serve as “the committee” to review and verify appraisal experience submitted by all applicants for all five categories.

II. REVIEW PROCEDURE:

- A. **Application:** Applicants are to list their appraisal experience on the application provided by the Board. Computer generated forms will be accepted, provided that all necessary data is submitted in a format similar to that published by the Board.
- B. **Experience Credit:** Only those appraisal reports that fully comply with the Uniform Standards of Professional Appraisal Practice (USPAP) shall be considered for experience credit. This typically includes appraisal for first mortgage underwriting under the appraisal guidelines of FNMA, FHLMC, FSLIC, FDIC, VA, FHA, FMHA, and the Federal Farm Credit Banks.

Letter opinions, verbal estimates, buyer or seller pricing advice, typical second mortgage abbreviated reports and other less than complete appraisal reports shall not be accepted for experience credit.

- C. **Review of Reports:** It is the responsibility of the Board to verify that applicants have met the experience requirement prior to the issuance of state license. The Board shall have the authority to request and review copies of any appraisal reports listed in the application for experience credit.

EXPERIENCE POINT SYSTEM

Experience points may be earned in the five-year period preceding the date of application. For experience credit on Alabama appraisals done after August 1, 1994, the applicant must have been licensed in Alabama. **One experience point is the approximate equivalent of ten hours of qualifying work.**

1. **State Trainee Real Property Appraiser** – No appraisal experience is required before an applicant is approved for this classification.
2. **State Registered Real Property Appraiser** – A minimum of 100 points or 1000 hours of appraisal experience is required for this license.
3. **State Licensed Real Property Appraiser** – A minimum of 200 points or 2000 hours of appraisal experience is necessary for this license. Experience must be earned over at least a 24 month period.
4. **State Certified Residential Real Property Appraiser** – A minimum of 250 points or 2500 hours of appraisal experience is necessary for this state certification. Experience must be earned over at least a 24 month period.
5. **State Certified General Real Property Appraiser** – A minimum of 300 points or 3000 hours of appraisal experience is necessary for this state certification. Experience must be earned over at least a 30 month period.
6. When an appraisal report is signed by more than one person, the allowable credit for said assignment **must** be divided equally among all signatories. For example, when two appraisers both sign an appraisal report, the experience credit allowed for that particular report will be prorated equally among the signers, i.e., if the appraisal is worth one point experience credit, each appraiser will receive 0.5 point. If three appraisers sign a report worth 6 points, each will receive 2.0 points, etc.

For purposes of allocating experience credit, no distinction will be made between the classification of the appraisers, i.e., if a Trainee Real Property Appraiser signs a report with a Certified Residential Real Property Appraiser, the experience credit allowed for that particular report will be prorated equally among each signer.

7. If the person applying for experience credit was unable to sign off on the appraisal report but is mentioned in the report as having provided significant professional assistance, a proportional amount of credit, based on the number of people contributing to the report, can be requested. Credit will not be granted if professional experience has not been disclosed.
8. No credit will be given for residential appraisal reports that do not include an interior inspection of the subject.
