

LICENSE NON-RENEWAL

Below is a complete listing of appraisers who did not renew their license for the period 10-1-13 through 9-30-14. The following is the text of a certified letter, which was mailed to each of them detailing the status of their license and ineligibility to perform appraisals:

“Your renewal for the license year 10-1-2013 thru 9-30-2014 has not been received. It is imperative that you understand the status of your license. You are not authorized to do appraisals after September 30, 2013 without a current license. Appraisals made without a current license may be subject to disciplinary action or prosecution as a Class “A” Misdemeanor under State Law.

Between 10-1-2013 and 10-10-13 the renewal of your license requires the payment of a \$50 late fee in addition to regular fees and proof of continuing education. Between 10-11-13 and 3-31-14 the late fee for renewal is \$250 in addition to regular fees and proof of continuing education. After 3-31-14 the late fee for renewal will be \$250 plus an additional \$50 per calendar month in addition to regular fees and proof of continuing education. ***If the renewal fee and late fees for the license year beginning 10-1-2013 are not paid by 9-30-2014 your file will be closed.***

If your file is closed you will be required to go through the entire application process, meet the education and experience requirements effective at the time of application and successfully pass appropriate examination to receive a new license.”
